The National Democratic convention will meet in Cincinnati on the 22d day of June, the executive committee having so proclaimed it at their meeting in Washington last Monday.

We see in the papers that Hon. A. A. Freeman made a speech in Nashville the other night tfavoring Grant and the third term. And he is one of the government officers right under Hayes's nose, too. That desn't look much like a Sherman the expiration of my present term of

You were never worse mistaken in your life, Brother Neal. We know of a number of angels here who are excellent bread makers, and, if the trips of our young men to adjoining to express of the principles and measure towns mean anything, we think there will be more of them here before a and should I be so fort mate as to cargreat while,

Another disgraceful scene was witnessed at Murfreesboro last Friday. The occasion was the legal hanging of two negroes, for murder. A barbeene ever wished. two negroes, for murder. A barbecue was served on the ground and reserved seats were erected and sold for the edification of the eager spectators. It is said there were ten or fifteen thousand people present, and they "enjoyed" themselves hugely. Public hangings are a disgrace to any state, and we hope to see them abolished by the next legislature. We believe they do more harm than the good they are intended to do.

An effort is being made by the publishers and printers of the country to Low Ordi arv, 94@10 induce Congress to remove the tariff Ordinary, nominal. 10@101 on paper and the chemicals that are Good ordinary, 101 @11 used in its manufacture. When the render learns that the paper manufacturers of this country have raised the price of printing paper over fifty per cent., thus forcing publishers to either raise their prices, reduce the sizes of their papers, or suspend publication entirely, they can see good reason why the tariff should be taken off. We Coffee, Good Rio, 20@25 hope our member in Congress, Hon. C. B. Simonton, will use his influence to that effect.

Mr. Freeman, in his speech Monday night, at the Davidson county Wheat, 1.25 Republican meeting, sketched Grantism very neatly. Upon his remarks on the State debt we have no criticism to make. He discloses the true inwardness of Grantism when he says he will be elected, and, being elected, will be inaugurated. The supporters of Grant the last time supported Hayes and inaugurated him by foul means. Because they had stolen the Presidency once they charge the Democracy with intending to steal it, in order to justify the next usurpetion. Grant's pomination means his inauguration, is what Mr Freeman tried to impress upon his hearers. He is more stalwart than those of longer service, and recently a Confederate, Mr Freeman is afraid his loyalty will be doubted and goes beyond his party in Tennessee in stalwart threats. Things are very serene here, and we don't think Mr Freeman is going to stir his party to fever heat or alarm the Democracy. All is quite calm.

The above, from our esteemed contemporary, the Nashville American, does Mr Freeman injustice, and we are surprised to find that our usually well posted friend has been misled. We do not agree politically with Mr. F., but his history as a staunch and unconditional Union man during the war is so well known that we are surprised at the mistake of the American. It is true that since the war Mr Freeman has been the friend of the Confederates so far as to ad rocate and defend their rights, but he was never himself a Confederate.

Dec. 10, 1807. To the Legislature of Vermont.

I received in due season the address of the Legislature of Vermont, bearing date the 5th of November, 1807, in which with their approbation of the general course of my Administration, they were so good as to express their desire that I would consent to be proprosed again to the public voice on office. Entertaining as I do for the Legislature of Vermont those senti-ments of high respect which would

It is an established fact that Quinine or Cinchonidia will step chils, and for this purpose there is no better reme by. But it is also an established fact that they do not remove the cause which produces the chills, for if they did the chils would not return on the 7th, 14th, 21st or 28th day. Then is it not money LOST to attempt to permanently cure the chills with Quinine or Cinchonidia, when they do not remove the cause is removed the shills will return. The FERRINE

is warranted to remove every cause from the system which produces the chills, and if it fails to do this you will sastain no loss, for every druggist is authorized to guarantee a permanent cure in every case, no matter of how long standing, and will refnud the money if the chills return after you are through taking it. Positively, no cure, no pay. Try it and be convinced. It contains no poison, and is perfectly nateless. Sold by all draggists, and a permanent cure guaranteed in all cases.

Hagill's Chill Cure, Tonic and Appetizer.

It does not contain Arsenie, Calomel, Mercury, Quinine, or Injurious Drugs

—10m't forget this if you value health, Many ractiones now on the market rely on one or
more of these poisons or strong drugs, or upon others equally as had for wha little claim they
have to merit. At best they only give temporary relief and are liable to permanently injure
the system. Magil's Chill Cure, Tonic and Appetizer is positively free from these and every
other harmful ingredient and may be given to young children or persons in feable haith without possibility of a shadow of injury being produced. The proprietor holds I innelt responsable for this statement and pledges himself to the public to guard and protect the absolute pourty
and great merit of this medicine by personal attention to its manufacture. He receives harmy
letters from persons saying they have been harmanged by worthless medicines. This naturally
makes them ske tical and is likely to destroy considence even in articles of real merit. Hundreds of statements shallar to the one given hyrewith could be published if our space allowed
of it. The proprietor refers to thous nots who have used this medicine and are advising others
to use it as evidences of its merit. From J. Singleton No. 271 Jefferson Street, I ouisville, Kw.,
March 10, 1870: "I suffered for many years almost constantly with Fever and Ague or Chills,
had several dectors, used Quinine and other multicines freely, a I folled to care me, was completely unfitted for work, Magil's Chill Cure, Touis and Appetance cured me last August and I
have enjoyed perfect health ever since. I gained rapidly in flesh and strength. I believe this
medicine possesses most remarkable merit, and in my case it was apparent from the very first
dose I used." Price \$1.00 per bottle. For sale by druggists and general dealers.
